Real Name: Monty Ironclaw

Legal Status: Member

Age: 32

Group Affiliation: Cy-Strike

Base of Operations: Mobile

Monty Ironclaw was a proud and rebellious young man when he joined the Marines and volunteered for suicide missions like they were some type of holiday. One such mission brought him home mortally wounded and missing his two hands after a drug cartel cut them off. Shut away in a Veteran's hospital, Monty plotted his revenge against the bastard who hurt him. When Cy-Born came knocking looking for a few dozen good men, Monty signed up. Injected with Nano-Netics and experimental DNA, Monty's body mutated and grew new hands with razor sharp claws on his fingertips. Cy-Born was surprised by the mutation, but didn't let Monty know the truth. Taking on the name Cy-Blade, Monty requested a leave of absence in order to carry out his revenge. Cy-Born at first denied the request, but after seeing how dangerous Monty was becoming during training exercises, changed his mind, hoping that Cy-Blade might burn off some steam. The mission to South America was paved in blood. Monty killed the entire drug cartel's family and that included women and children. The only person left alive was Fernandez Chavez, the man who took Monty's hands. But Chavez wasn't the same afterwards.

Monty removed his arms and legs and left him for dead. Upon his return to Cy-Strike, Monty was much more willing to work with his teammates. Cy-Blade is the type of person who will cut his way through waves of mooks, soldiers and anyone else who stands between him and his objective. When he isn't on mission, Monty is training to become a better killer. With his razor claws, that isn't too hard.

Name: Brawl

Real Name: Genetec One

Legal Status: US Citizen

Age: Unknown

Group Affiliation: DEA

Base of Operations: New York City

When the Guardian Earth was altered by Guan Di, Genetec One was thrown back into society with even less of a memory than he had before. Blessed with enhanced genetic functions, Genetec One was a formidable opponent. For the years following the change, Genetec One took on the name Brawl and became a street fighter in New York City. When his sponsor was murdered by a rival crime syndicate, Brawl joined forces with the police in taking down the killers. His assistance caught the attention of a local DEA agent named Detective Lewis Grant. Lewis quickly got Brawl on the payroll as hired manpower when it was needed. Brawl loves his new job. He is able to walk the streets of New York and fight crime with a badge. Brawl lives

in a small apartment in Brooklyn Heights and has a thing for his neighbors. When needed, Brawl hits the streets with Detective Grant. Brawl is an expert in all military weapons use. If it has a trigger, Brawl can use it.

***Special Rule:** Brawl is a Genetec. When angry his MIGHT increases by two. This is called a **Battle Rage**. In order to come out of the rage Brawl must roll 1d10+SPT. If he rolls under his Spirit then he returns to normal. If he doesn't, then he will keep fighting anyone near him, friend or foe. Over the past few years Brawl has managed to control this rage, for the most part.
